

CITYNET

LLOYD'S BROKER

# Marine, Energy & Offshore

We provide a comprehensive insurance service tailored to the individual needs of your energy and offshore clients. Whether individual contractors or large-scale manufacturers in the oil and gas industry, Citynet Energy and Offshore Solutions team can assist.

**Using the open market or one of our exclusive facilities, we ensure that the programmes we place aim to address the deficiencies that can be found in the cover provided by conventional policies.**

At Citynet we provide a comprehensive insurance service tailored to the individual needs of your marine, energy, and offshore clients.

We understand the complexities of the contractual and environmental obligations to which your clients are subject to, and our programmes are always designed with these in mind.
